Injunction Granted In Condemnation Of Local Rental Units

Alman and Rader Go To Court
Claiming Violation
Of Rights

The Circuit Court granted a temporary injunction against the City of Belle Glade restraining the enforcement of orders to demolish buildings heretofore condemned by the City Commission.

Trial date for arguments and testimony as to whether the order will be made permanent is to be heard during August, around the 15th.

This trip into the time-consuming and costly legal activity was brought about when a motion by Commissioner Ashley to grant these owners additional time to submit estimates or bids for rehabilitation to suit the City, died for lack of a commission meeting.

One of the complaints charges that the City "arbitrarily treated" the owners' estimates as "a mere formality" and that the City "has not given to any hearing" as provided by the code.

4-H Girls Attend Camp At Sebring

Among the 4-H club girls who left Monday morning to attend the 4-H Club Camp near Sebring on Lake Placid were Frances Fontaine from Belle Glade, Alleen Hemphill, Lake Harbor, Carolyn White and Doris Willis of South Bay and Mary Williams formerly of Lake Harbor now of Frostproof.

The girls will be under the supervision of Miss Sara Horton, county home demonstration agent and Mrs. Elizabeth Hudson Pierce, assistant. Also Miss Margery Bell of Lantana will assist.

Thirty girls from Martin County will also make the camp.

To be eligible for the camp each girl had to complete 4-H projects during the year and keep a record and make an exhibit of her work. "Hobby" projects of leisure time activities is the general theme for this year's camp. In addition to regular periods of swimming instruction and crafts there is a period called Hobby Mixture wherein certain projects during the day and a new project hobby will be presented.

There are crafts which will include basketry and enameling on copper. Classical and semi-classical records in addition to group singing will furnish the music at meal time and at night will be used as a background to the 4-Hers to sleep.

There will be varied entertainment each evening, square dancing, rodeo of indoor games and "What's Your Hobby" party which will be under direction of two college students.

The group will break camp on Saturday.

SUIT FOR DAMAGES FOLLOWS ACCIDENT

Two suits amounting to \$82,560 have been filed by Marjorie Kruse and Timothy Kruse, a minor, against the Allegheny Asphalt and Paving Co., Inc. and Shawano Drainage District as the result of an accident on the 29th of June 1954 which occurred on the extension of the State Road lying on the south side of the Hillsboro Canal and thru the Hillsboro Plantation.

The complaint charges that a Ford driven by Paul B. Gibbs, an employee of the Paving Company and one driven by the Kruse woman collided.

It is also charged that Hugh Fields, of the Shawano Drainage District parked a Ford truck on the west side of the "private road."

Charles Nugent, Jr. is listed as attorney for the Plaintiffs; Pauline Paselli is attorney for Shawano Drainage District.

Property Owners Elect Officers

Milton Rader was elected chairman at the first organizational meeting of the newly formed Commercial Property Owners Association, which was held at the City Hall.

Other officers were: J. B. Jones, vice-chairman, Rosa Calhoun, sec.; Shelley Pouncey, treasurer. Board of directors elected: Milton Rader, N. B. Willis, J. B. Jones, Shelley Pouncey, Amelia Houston, Ross Calhoun.

A charter was approved and submitted to E. F. Allen for cost of writing bylaws. An agreement was made that at least one member or two if possible should be present at each meeting.

Two Bridge Jobs Now Under Way South Of The Lake

The Cleary Construction Company of West Palm Beach started last week on the preliminary to the construction of the last of the four new two-lane bridges over the main drainage canals on the cross street and federal highways through the Lake Okechobee Everglades.

The temporary bridge at South Bay on SR No. 50 has been erected just above the locks and is in use both for vehicular and pedestrian traffic over a detour while the new bridge is under construction.

The old bridge is being dismantled and the road grade approaches cut down preparatory to starting construction on the new two-lane all concrete and steel bridge.

Dredging of the Miami Canal to the depth of 17 feet at Lake Harbor is in progress as a preliminary to the construction of a temporary bridge just north of the present bridge on U. S. Highway No. 27. When the temporary bridge is built and detour finished, the old Lake Harbor suspension bridge, the scene of a number of accidental highway deaths, will be dismantled.

Everyone Has Gay Time At Weekly Square Dance In Municipal Park

Top picture left to right: Mrs. Dorothy Jones and Mrs. Gevevieve Gove instructors in recreation program smile after dancing several sets. Mrs. Jones teaches steps to Richard Barrett, (rolling eyes), Duckey Holt, Norma Jean Raskley and (top), Shirley Motes and Francis Ball. Lower picture left to right is Frank Davis, Louella Whitson, Bobby Davis and Gwen Whidden, who drew attention by their graceful dancing. Center: Mrs. Gove swings her partner. Right Hubert Anderson announcer, grins as he watches dancers.

Around 200 people including kiddies, youngsters, teenagers, parents and grandparents attended the square dance at the Municipal Park on Friday night. Sitting on the sideline watching the smoky fry swinging and away to the music and their amusing antics proved to be more interesting than dancing.

In fact the youngsters never seemed to get tired. Mrs. Genevieve Gove, Mrs. Dorothy Jones, Mrs. C. W. McDonald were kept busy instructing and dancing most of the evening. Hubert Anderson called the dances and also was the leader in some sets, assisted by Jack Raskley and others.

Tonight will complete the end of the 6 weeks Recreation Program with the square dance highlighting the entertainment. A large turnout is expected.

The "Machine Shop Five" will furnish the music. Let's everybody come out and make this a big night.

Coset Peacock who is plenty busy with the boys in sports of the kinds including golfing and swimming, still found time this week to take a truck load of boys and girls on a fishing trip. The group was transported on truck furnished by Vane & Co.

Where they tried their luck from about 9 to 12 am. Most of the boys and girls had a good time was had by Carl Norris, Cecil Boyd, Howard Roberts, Skipper Peacock, Dewey Waldron, Johnny Thomas, Don Holson, Glen Blair, Billy Lee, Kenneth Daniels, Charles Lockmiller, Jerry Peacock, Margie McDonald, Karen Gove, Georgian Mills, Sara Burns and Earl Armstrong.

Representatives from Central and Southern Florida Flood Control District will be present to answer any questions from interested citizens.

Drainage, Health Center, Loading And Street Repair Considered By Commission In Mid-Summer Session

Mayor Rabin appointed Commissioners Close, Carlton and Ingram, to work with the City Manager in securing definite recommendations concerning drainage in the western and central boroughs.

"We're fairly well taken care of in the north borough," the Mayor said, "and we have prospects of trouble in the balance of the City unless something is done before the normal fall rains begin."

Local Boys Learn About Forestry

Harry McDonald and Jimmy Dooley, members of the Belle Glade Chapter of FFA, who were selected on the basis of their outstanding interest and ability in forestry to attend the Twentieth Annual Forestry Training Camp at Otieno State Park, July 18 through the 23rd, gave an interesting account of their daily activities at the camp.

The boys described the camp as having 25 buildings which can accommodate up to 150 persons and the site has 1,380 acres which borders the Santa Fe River.

During their week at camp there were about 115 boys attending from South and West Florida. Each cabin has 4 double bunk beds sleeping 8 boys. The daily schedule: Morning, 6:30 Rise and Shine; 7, breakfast; 7:30 clean up cabin; Each Day Field Trip at 7:45 or morning instruction 8:15 to 11:00; canteen opens 11:00; swimming to 11:45; Lunch 12. In forenoon instruction from 1 to 3:45; 4 to 5:45 athletics; 6 to 8:30 swimming; 6 o'clock supper; 8 p.m. movie; 9:30 to 10:30 lights out.

Sports included soft ball, volleyball, basketball, and polo.

Each day the class schedule varied. Use of forestry tools, tree identification and cone collection, Gun farming, Forest fire protection, Field trip to turpentine and resin factory, Forest Insects and Diseases and Forest Forestry.

The evening entertainment included square dancing, movies and one night the boys presented skits. The last night a banquet was held.

According to Harry and Jimmy they found the Forestry Camp Life and Program a wonderful experience and all the many facts about forestry taught them highly instructive.

Joe Ziemann, our pro had all the local golfers in the air for a while during the Florida Open in Tampa last week, and we still think he played exceptional golf with several bad breaks, which according to reports happens to the best of them. Joe finished 7th in the tournament and had even par of 288 for the 4 rounds, while the winner, Jimmy McCoy, 18 year old, Lake Worth boy tied with Pro Clyde Usina, who taught the lad golf, with a 285. In the playoff Usina ran into trouble and after four shots conceded the match to Jim.

Wednesday afternoon, plans are being made by Joe to have some form of tournament each week, so when you close up shop at noon come out and get in the tournament.

The school children taking lessons twice a week, Tuesday and Thursday, under the Recreation Program, are doing exceptionally well and if the interest in golf continues, there will be some good golfers coming on, according to our pro.

Loading Of Harvest Crews Orderly And Effective With Facilities And Rules Locally Provided; Permanent Structure Proposed

Ave. C Place

236 feet

STANDARD CURB AROUND

Unique in any agricultural area is the problem of gathering and transporting harvest hands from Belle Glade to the fields.

In '50 this site was secured and parking stalls for 21 trucks provided. Each truck backs up to a loading platform, the entire group forming an enclosure from which "hands" are loaded.

This was a boon to farmers and workers alike; now the City is working towards a permanent structure, with consideration of the safety, convenience and workability for all concerned.

More than 3,000 field hands are loaded daily from this point frequently during the season.

At the height of the harvest or harkens.

As a traffic problem, trucks parked indiscriminately around the City and area milling around, caused Chief Goodlett and other peace officers many a troubled moment.

Finally, the farmers, the police and the City Fathers sought a plan to provide a central loading area with facilities

both for the worker and the farmer.

A block of land formerly used as a school site, was purchased and a platform built, around which trucks might back up to the platform and load on the days crew.

This was done with materials from the old school buildings and each truck rented a space

for the season—6 months—for \$100 per space.

The purchase of the property and building of the platform called for an expenditure around \$30,000 with an approximate \$600 to \$800 per year of pocket maintenance for the City.

New Glades Motel To Hold Formal Opening August 1

Sunday, August 1, will mark the formal opening of the "New Glades Motel" in Pahokee, owned and operated by Mr. and Mrs. Don Hillier. The new motel is the Indian translation of "Pahokee."

Friends are invited to visit Sunday afternoon from 4 to 7 p.m. to inspect the new modern tourist addition to the Glades. A short dedication service will be conducted at 4:30 p.m. Located on Highway No. 441, the new motel is a two-story building with a lovely background for the structure. The 24 unit motel is built in U form with a light cheerful restaurant adjoining on the front wing. The dining room, which will comfortably seat 35 persons, will be opened under separate management in the fall.

The complete structure is fully air conditioned, with a reverse cycle to provide heating on cool days. All concrete construction, the exterior of the building is painted a soft grey with white trim. The interior is decorated in various pastel shades with cheerful drapery and complete in-line decorative color schemes. Terrace floors are laid throughout and private tile baths adjoin each room. Each unit is furnished with luxurious modern bed furniture.

A Frigidaire refrigerator is installed in the open patio and vacuum ice buckets supplied in each room provide ice cubes and cold water for patrons at all times.

GOTTLIEB'S STORE HAS NEW MODERN FRONT

Gottlieb's Store on Avenue A boasts a new modern glass in front, designed to match the store's new neighbor, Glades Radiator.

Rader Property owners of the building made the improvements. The Gottlieb's are moving their merchandise back into the new building from the adjoining one, which they own and have occupied during the renovation. They plan to make improvement soon on their property.

DRAINAGE, HEALTH

(Continued from Page One) Health Center on hospital property, a delay was taken on the proposed purchase of a site unit word has come from the Hospital Board.

R. W. Lanier was reappointed to the Civil Service Board, and Francis Harnes appointed to replace W. S. Jones, term expired. These appointments are for three years.

INJUNCTION GRANTED

(Continued from Page One) Injunction uncomplimentary to the City's action is "arbitrary, discriminatory, unreasonable, unjust and unconstitutional and bear no substantial relation to the public morals, health, safety and welfare, and is confiscatory in character and is unlawful, arbitrary exercise of police powers, and denies the plaintiff the right and lawful use of this property in violation of the constitutional laws."

"Would seem the City is in foul shape if it's guilty of all this. However, the Judge will decide."

Eugene Baynes represented Almax Inc., while Beck & Allen represented Rader.

PROPERTY OWNERS

(Continued from Page One) The Board of Directors agreed to hold their meeting each 2nd and 4th Monday at 9 a.m. at the city hall, until further notice. BIG DAY AT PARK

(Continued from Page One) Ping Pong, Georgia Mills, Mites — Checkers, Pat Webster, Reading Club — Most Book, Read, Richard Barrett.

Arts and Crafts — Hogan Pool, First Place, 40 points. Frances Ball, Third with 42 points; Sarahberry, Fourth with 29 points; Georgia Mills and Avaagall, Pool Fifth with 26 points.

Honorable mention was given Paul Funk, Danny Lanier, Patricia Anderson, Kathy Steele and Gwen Gove.

Arts and Crafts were judged by Mrs. Ivan Van Horn, Mrs. Harold Riedel and Mrs. Terrie Bouds. The judges based their judging on the artistic value and the thought of the child as expressed in their work. Each artist on display was carefully judged from all angles and according to accomplishment in age group.

Mrs. Riedel, who was judge last year expressed her opinion that the children displayed more originality than in previous years in this years arts and crafts. She also praised Mrs. Genevieve Glavin for the tremendous amount of work and thought that she has put into the few hours of teaching the children.

Next week a detailed account of the Summer program with pictures will be seen in the Herald.

CONGRESSIONAL

(Continued from Page One) The eastern perimeter of the three congressional areas has been completed, and includes L-8, which shuts off the waters from the Glades and the St. Lucie Canal.

Under the overall authorization of \$2 million and \$1 million contracted for within a very short time following formal tie-up of the project.

This is being done with funds advanced by the State of Florida, and the State's participation in future appropriations by the Federal Congress.

The Florida Delegation, led by Spessard Holland has had its activity kept at an effective level through widespread friendships of Chairman J. Abney Cox with not only Florida Congressmen, but many from other states.

This has been no one-man job, but by close cooperation and team work of many; Abney Cox, however, has been three remaining, suggesting and pleading.

The further authorization of \$7,000,000 additional appropriations, allows work to go on for fiscal year '66 commencing July 1, 1955) up to \$10,000,000.

LOADING OF HARVEST

(Continued from Page One) City officers, since its building something more than \$40,000. However, the original wooden platform had become rickety and dangerous to life and limb and had to be torn down.

The City is now in process of modernization of a more permanent nature.

A 20-foot paved area is being provided around the plot, as shown bordered by a standard curb, against which the trucks will back, with tail gates projecting into the inside unloading area.

Workers will enter the trucks from a step ladder provided for that purpose, for the time being.

The finished plan calls for a platform, or ramp, of rock paralleling the curb inside the assembly area from which only a step is needed to load the truck.

TWO BRIDGE JOBS

(Continued from Page One) and the new bridge started. These two bridges will be similar in construction to the one at Canal Point over the West Palm Beach Canal on U. S. Highway No. 41 recently completed and the one at Six Mile Bend east of Belle Glade on SR No. 89 now under construction and soon to be completed.

The construction of these four bridges, when completed, will eliminate serious hazards to traffic on these main Glades Highways. The bridge at Lake Harbor has been the scene for a number of fatalities and the one at Six Mile Bend on a right angled curve was the setting for so many fatalities that it was well dubbed, "Dead Man's Bridge."

The new bridge at this point is being constructed on a wide curve to eliminate the former sharp turn, to accomplish which the Hillsboro Canal return has been changed at considerable added expense in order to permit construction of the new bridge.

UPTHEGROVE QUARTET TO GO ON 8 DAY TOUR

The Uptegrove Quartet, will leave on their first concert tour August 7. The quartet composed of Billy Mathis, Barnes Creech, M. M. Martin Jr., and Elmer and Onocella Uptegrove.

have been singing in the Glades area for some time, and are really going places.

In their first concert they will appear in Lakeland. Other engagements they have booked for the 8 day tour will be Lake Wales, Jasper, Fla., Shadydale, Ga. and Excel, Alabama.

JIMMY BALL JR. TELLS ROTARIANS ABOUT HIS COLLEGE WORK

Of 94 Florida cities contacted, 84 replied, 42 reply negative, with 19 in south Florida and eighteen in central Florida cities. Jimmy Ball Jr. told Rotarians recently in discussing his Thesis written in completion of his Master's Degree in Public Administration at Florida University.

With negro policemen generally assigned to negro sections, the majority of the cities report excellent results, with a number of police chiefs enthusiastic about the decrease in disorder and crime.

Very few report difficulties due mainly to selection of unqualified persons. In most communities the white people cooperate and practically no difficulty is experienced in handling the few who are run out of the law, as they are usually held or detained until a white policeman arrives.

Belle Glade, West Palm Beach and Tallahassee were chosen for the comparative study. Negro policemen have been generally successful in Belle Glade. 21 in 31 continued.

"Some trouble has been experienced in securing proper candidates for the study of the reasons for the employment of Negro policemen are generally: (1) a recognition by chiefs of police and city officials that Negro policemen can contribute greatly to the control of disorder and crime in the Negro sections, and (2) a desire by Negro leaders, for an opportunity for their race to more actively participate in government — which has been brought to the attention of city officials by the use of petitions or through active political support of sympathetic candidates for city offices.

RALPH KIDDER'S RETURN FROM VACATION THIS

Mr. and Mrs. Ralph Kidder returned Monday night from a vacation trip to Saluda, N. C. They were accompanied on the trip by their daughter, Dorothy, who is a member of the church.

B-G STUDENTS ON DEAN'S LIST AT FLORIDA STATE

Three students from Belle Glade who made the Dean's list at Florida State University, are Frances Mary, Miss Catherine Freidheim and Dell C. Nelms.

The announcement was made by Dr. Duak S. Campbell, university president, who stated there were more than 1100 graduates and undergraduate students who made the dean's list. To be on this list an undergraduate student must maintain a B average or more for a semester proving they are taking at least 12 hours work. A graduate student must maintain a B-plus average.

B. C. SINEATH RELEASED FROM B-P HOSPITAL

B. C. Sineath, who underwent surgery about three weeks ago at the Central Florida Hospital, was released again Monday and is now recuperating at the Central Hotel where he resides. Friends of Mr. Sineath are glad to hear he is back on his feet and hope he will soon be back at his post at Sullivan's Pharmacy.

LINDA TREPANIER TOPS SHOW, FRISHEMAN 2ND

In a glittering spangled costume, with grace, charm and showmanship, Linda Key Trepanier was awarded first place in Malcolm Miller's Talent Scout Show, presented at the Hugo Theatre, Thursday, July 22.

Miss Trepanier offered a difficult routine of acrobatic feats that won her ringing applause from the large crowd.

A last minute regret, Leonard Frisheman, "Boogied" himself into second place with some real "stomping" rhythm. His "Flight Of The Bumble Bee" brought him a roar of applause.

De Rita and Brenda Pearce had a little difficulty with the first number offered and ended rather weak. However, their second number, without benefit of music, brought them away with a nice bit of applause.

A bright-eyed little miss, billed as Phyllis, Joy Whitehurst, came up with "Make Love To Me." Her sweet charm and delightful voice made her really want to take her to your heart and the audience gave her a fine round of applause.

Dainty Wally Shirley Kay Liddon offered two ball numbers. This little lady shows great possibilities if placed under proper tutelage. It is my conviction she could develop into a great dancer.

Guests stars were The Jones Sisters, from Pahokee, with Elmer Jones at the piano. Seldom do we see such a delightful offering of singing and dancing and thunderous applause attest our appreciation.

The show was sponsored by the Glades Drug Store and Malcolm Miller was master of ceremonies.

Summer drinks should be like a politician's speech ... long and smooth!

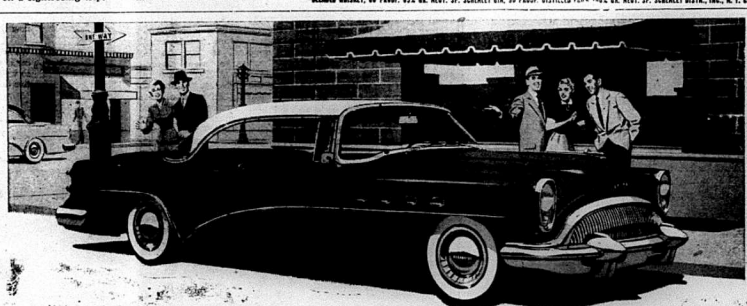

My hat's off to the fellows who are running in this hot weather. Me, I'd rather stroll. Find a nice, cool spot and sit a spell with a tall drink. Lots of tinkling ice in a long, frosty glass. A little lemon and sugar. Fizzy water. And Schenley to make it smooth and satisfying. The reason for specifying Schenley is right here in this hourglass. The glass itself represents Nature's unburied goodness. The big "S" stands for Schenley's skill. Together, they make Schenley the best-tasting whiskey in ages. If you're not a customer already, there's no time like now to try it. Our "Summertime is Schenley time" whistling is in full swing at your liquor store and bar. Do drop in.

It's the Hit that's writing New History

TAKE a look, if you please, at the car and the styling that are changing historic sales standings.

Take a look at the beauty and the buy called Buick—the car that is forging ahead to new sales heights in the 1954 market.

Take a look at the new best seller that has moved into the "Big Three" of the nation's top sales leaders—into that very exclusive circle that for two decades has held only the so-called "low-price three."

For today, as national sales figures for the first five months reveal, Buick is outselling all other cars in America except two of these "low-price three." And each new

month firms Buick's new position.

It takes solid work to bring this about—a lot more automobile per dollar in Buick than in other cars.

But it also takes the glamorous new tomorrow styling that is Buick today. It takes the highest V8 horsepower, Series for Series, in all Buick history. It takes the room and comfort and ride and handling that are Buick's proud tradition.

And it takes a range of cars to satisfy a wide range of people—with prices that most people can well afford. So you find the low-priced SPECIAL, the high-powered CENTURY, the extra-spacious SUPER, and the custom-built

ROADMASTER—the four big reasons for Buick's tremendous sales success.

Come in for a demonstration and you'll see what we mean.

With the years-away styling of this glamor car, you'll be way ahead at resale time. And right now you're money ahead with the big trade-in allowance our volume sales can bring you. Drop in this week.
